~UP AND COMING EVENTS~

St. Patty's Day Happy Hour

Come and celebrate the Irish at our St. Patrick's Happy Hour, Thursday, March 17th at 3:00! Professional bagpiper, Mike Breidenbach, will entertain us with authentic Irish jigs, reels, classics, and favorites as we sip our green beer and Irish cream. Whether you have Irish roots or not, this is a fun day to celebrate and take part in music, drinks, food, and friends.

We hope you join us for this festive event! Erin Go Bragh!

The Commons Chorus

A few of our residents on the 4th floor are members of The Commons Chorus. They meet every Tuesday at 1:00 with our very own Chorus director, Tamra Brunn. They practice singing a variety of different songs and once a month MacPhail Music for Life comes to The Commons to do fun singing activities with the Chorus. This month they will be performing at Happy Hour on Thursday, March 24th at 3:00pm in the Atrium! Please join us as we enjoy their fun-filled songs. You won't want to miss all of their talent!!

Bluestone Physician Services

Bluestone Physician Services now offers Neurological and Psychological services for our Memory Care residents! Dr. Logan, a Geriatric Physician, and his team come to our building monthly to visit with the residents that are enrolled with their service. They accept all types of insurance plans and not only will they save you a trip to the doctor, but there is usually no extra charge! You will also have the peace of mind of knowing your loved one is being seen monthly by a physician right in the comfort of their own home, which is often the best scenario! You are able to communicate directly with Dr. Logan through their email system regarding monthly visits or if any other questions or concerns ever come up in between! Please contact Misty Stark, RN at 651-365-3065 if you would like more information about this service!

~A NOTE FROM THE NURSE~

Please check your loved one's supplies when you are visiting (such as their incontinent products, toothpaste, shampoo, soap and washcloths). We are able to order many supplies your loved one may need from Thrifty White Pharmacy, which can save you an extra trip! If you would like more information about ordering supplies please let the Memory Care staff know!

We HIGHLY recommend it!
